

# TYPE 9 IMMERSION PLATE

The **TYPE 9** immersion plate is designed for steam service. The plate is equipped with a larger steam inlet nozzle feeding the open portion of the plate where the steam or vapor is condensed, while the bottom portion of the plate is configured with a condensate discharge baffle providing a control path for driving out the condensate.

Optional plate hangers are available for easy installation.

**Standard Specifications:**

Surface Type: Double Embossed  
 Sheet Thickness: 14ga. (0.075")  
 MOC: 304 Stainless Steel  
 Pressure Rating: 150 PSIG / 400°F

NOZZLE SCHEDULE		
INLET	OUTLET	(C)
1" NPT	3/4" NPT	4"
1 1/2" NPT	3/4" NPT	4"
2" NPT	1" NPT	6"

Standard nozzles are Male NPT
